

# Hajar aloufi

Business Analyst | Data Analyst

hajaraloufi1@gmail.com | 0557068230 | Riyadh, Saudi Arabia | linkedin | Portfolio

## PROFILE

Fresh Information Systems graduate with a strong interest in Business Analysis and Data Analytics. Passionate about understanding business challenges, analyzing data, and delivering practical solutions that support better decision-making and process improvement. Experienced in requirements analysis, BRD documentation, user story creation, and collaborating with cross-functional teams to deliver user-focused solutions.

## PROFESSIONAL EXPERIENCE

**Empower, Intern - Technical Solutions Department**

09/2025 – 12/2025

- Collaborated with cross-functional teams to translate business requirements into practical solutions.
- Helped make processes smoother and workflows more efficient.
- Worked alongside developers and designers to make user experiences better and more intuitive.

**Cyber X, Cybersecurity Awareness trainee**

10/2025 – 11/2025

- Took part in cybersecurity awareness events and helped run interactive booths.
- Guided visitors through simple cybersecurity activities in a friendly and approachable way.
- Assisted with event logistics and contributed to sharing key awareness messages effectively.

## EDUCATION

**Princess Norah Bint Abdulrahman**

08/2021 – 12/2025 | Riyadh, Saudi Arabia

Bachelor's Degree In Information System

## PROJECTS

**Rafeeq Application, Graduation Project**

01/2025 – 12/2025

Designed and developed a mobile application for Alzheimer's caregivers using **Figma**, **Firebase**, and **Visual Studio**, focusing on improving care management and service request processes.

**Retail Sales Performance Dashboard (Excel)**

06/2026 – 06/2026

Analyzed retail sales data in **Microsoft Excel** by creating Pivot Tables, Pivot Charts, KPIs, and interactive dashboards to evaluate sales, profit, product, and regional performance.

**Retail Sales Performance Dashboard (Power BI)**

06/2026 – 07/2026

Analyzed retail sales data in **Microsoft Power BI** by creating interactive dashboards, **DAX measures**, **KPI cards**, and dynamic visualizations to evaluate sales, profit, product performance, customer segments, and regional trends.

**Online Event Ticketing System**

01/2023 – 02/2023

Designed and modeled an online event ticketing system using **UML diagrams**, to define system functionality and workflows.

**Human-Computer Interaction Project – Online Laundry Service**

02/2024 – 04/2024

Designed a user-friendly laundry service website interface using **Figma**, applying UI/UX principles to enhance usability and improve the customer experience.

## SKILLS

### Business Analysis

- Requirements Analysis
- BRD Documentation
- User Stories
- Agile Collaboration
- UI/UX Collaboration

### Technical skills

- Systems modeling (Use Case, activity, class Diagrams)
- SQL
- PostgreSQL
- Microsoft Excel
- Power BI
- HTML
- CSS

### Tools

- Microsoft Office
- Visual Studio
- Claude AI
- Canva
- Figma

### Soft skills

- Analytical Thinking
- Problem-Solving
- Attention to Detail
- Effective communication
- Adaptability
- Teamwork
- Self-Learning
- Time management

## CERTIFICATE

**Excel and Power BI Data Analysis Fundamentals**

06/2026

**Machine Learning for All** 

03/2025

**Introduction to Cybersecurity, Cisco**

03/2024

**Fundamentals of Data Warehousing** 

02/2024

**Oracle Database Foundations**

01/2023
